

# Ultimate Oceans & SeaTech Teen Club

SeaTech allows intrepid Boys & Girls Clubs members to explore ocean science and information technology (IT) careers as they venture into the field and onto the open ocean. During Ultimate Oceans, members dive into science, art, and technology classes as they explore different ocean organisms and habitats. During SeaTech Teen Club, members explore ocean science content and careers through club meetings and field trips. They communicate their experiences through Web pages that they design that include images, journals, and interviews.

## Ultimate Oceans Activities Include:
